

48-port DIN rail type fiber optic patch panel

Overview

This OEM/ODM fiber optic patch panel is a 19 - inch 1U rack - mount design with 8/12/24/48 ports. It features SC - to - SC connectors and a din rail sliding mechanism. When it is fully loaded. DIN rail installation can be quickly and conveniently installed on various standard cabinets or walls, saving space and improving installation efficiency. 19 inch standard size, lightweight, and sturdy structure. Various panels are suitable for different adapter interfaces, compatible with multiple. FiberTek industrial DIN rail mount patch panels are designed to support either direct termination or fusion splicing of the optical fibers. LC/LC Singlemode Quad Fiber Adapters, UL/CE. The DPPY24 BK Series. Optimize data center efficiency with our fiber adapter panel.
