

72-core fusion splice wiring unit box

Overview

The Sumitomo TYPE-72C+ with FC-6R+ is a high-definition, field-tough fusion splicer kit featuring ultra-fast 5s splicing, automatic cleaver, massive memory, dual ovens, and robust data/network compatibility for high-volume telecom and FTTx projects. Free return within 30 days. final inspection in room temperature with Sumitomo identical fibre. Measured by cut-back method relevant to ITU-T and IEC standards. *3 : Wireless LAN connectivity is not. Through a synergy of cutting edge materials and technologies, this high definition core aligning splicer provides solutions to any splicing challenges you may face, wherever you are in the world. We have 2 Sumitomo TYPE-72C+ Fusion Splicer manuals available for free PDF download: Manual To Operation, Quick Reference Manual Sumitomo TYPE-72C+ Fusion Splicer Pdf User Manuals. 40 Disp Dependable Splicing 5s/Heating 8s/Splice loss 0.
