

# Fiber Fiber e2000

## Overview

E2000 is an optical fiber plug connector, with a 1.25 mm ferrule, available for both single mode and multi-mode applications, featuring a spring-loaded shutter and dust-cap. Installing E2000 Connectors require a fiber optic cleaver and a fiber optic terminator tool. The E-2000® connector, invented by DIAMOND, delivers unmatched reliability and precision in fiber-optic interconnects - making it the ideal choice for critical transmission points across telecom, industrial, medical, and more applications. By checking this box I confirm that I have read the Privacy. to the increasingly customer demands. The family includes: simplex, compact and backplane connectors and adapters, as well as a series of network accessories such as: attenuators, hybrid adapters, transition adapters, to increasing performance requirements. Diamond has responded to this challenge. This E-2000® SM Premium UPC 0. Variants: E-2000 /PC and E-2000 /APC.
