

How to use a carbon fiber pointed-tail comb

Overview

How To: Take a small section of hair and insert the comb near the roots, bristles facing upward. The comb may also be used to backcomb roots and add a smooth finish to your favorite hairstyles. Whether you are a professional hairstylist or someone who loves experimenting with different hairstyles at home, this comb is a must-have. A pressing comb is a heated styling comb used to smooth roots, straighten textured hair, flatten wigs, and create a polished finish. For the safest results, use it only on clean, dry, detangled hair with heat protectant. I've bought this twice, 1st time it lasted long my family just stole it from me lol, 2nd time. ☐Rat Tail Comb for Precise Styling, Fine Teeth for Hair Protection☐This rat tail comb features a slim pointed tail, enabling precise hair sectioning and easy outlining of hairstyle lines (e., voluminous crowns, intricate updos).
