

Inquiry about a 47U data center rack

Overview

Detailed internal and external dimensions, depth options, load capacity, and data center deployment guidelines for 47U full-height server racks. The 47U cabinet is a full-height rack enclosure standard built for data centers and large-scale IT infrastructures. Over the past year, 47U server rack prices have stabilized across major regional suppliers—but with wider divergence between economy OEM units (often \$95–\$299) and certified, deep-cabinet enterprise models (\$1,300–\$1,700+). Perfect for data centers, enterprises, and networking spaces needing optimized hardware organization. Tall 47U rack ideal for. 47U 19" DataCenter Rack cabinet measuring 800 x 1200 x 2212 mm created and designed to house very specific servers and data storage of the highest priority and offer security in CPD or IDC rooms.
