

Mauritania s 24-core smart building fiber optic cable

Overview

In a transformative leap toward digital progress, EllaLink — the company behind the high-capacity transatlantic optic-fibre system — has unveiled a major infrastructure initiative that will directly connect Mauritania to Europe via a new subsea cable system by early 2027. Mohamed Abdallahi Ould Louly, the Mauritanian Minister of Digital Transformation, Innovation, and Administrative Modernization, announced that his department plans to install 2,300 kilometers of fiber optic cable across the country. This announcement was made on the sidelines of the launch of a. DUBLIN and NOUAKCHOTT, Mauritania, July 29, 2025 (GLOBE NEWSWIRE) -- EllaLink, the owner of a high-capacity optic-fibre submarine cable directly connecting Europe and Latin America, and the Ministère de la Transformation Numérique et de la Modernisation de l'Administration (MTNMA) of the Islamic. The EllaLink cable project is set to revolutionize Mauritania's digital landscape. The project aims to enhance the country's connectivity infrastructure, providing faster and more reliable international bandwidth.
