

Optical cable from South Korea to South Africa

Overview

FLAG Europe Asia (now FEA), originally called Fibre-optic Link Around the Globe (FLAG), is a 28,000km submarine cable connecting 18 countries and regions in Asia, Africa and Europe. FLAG EA (FEA) was opened for commercial service on 22 November 1997. This is a list of international submarine communications cables. It does not include domestic cable systems, such as those on the coastlines of Japan, Italy, and Brazil. FLAG Europe Asia (FEA) was originally a private. Sourcing managers and procurement leaders use Volza's Company Profiler to analyze shipment volumes, trade routes, and buyer distribution—helping them assess supplier scale, reliability, and long-term partnership potential for risk-mitigated, confident procurement decisions. Explore cable routes, landing stations, system status and infrastructure updates.
