FPT Telecom International is a prominent telecommunications and IT company in Vietnam that offers a variety of services, including private internet connections and data transmission channels. What can we do for you?

The Vietnam Fiber Optic Cables Market is expanding, driven by the increasing demand for high-speed and secure communication in defense applications. Sourcing managers and procurement leaders use Volza's Company Profiler to analyze shipment volumes, trade routes, and buyer. Fibre optic cables are cables for transmitting signals in the form of light using fibres made of quartz glass or polymer optical fibres (plastics). The optical signals (light signals) are transmitted over long distances.
